Experiment -1

AIM: To create an AWS free tier account to provision the resources.

Description:

Amazon Web Services (AWS) is a cloud computing platform that provides services such as virtual servers, storage, databases, and networking. An AWS account is required to access the AWS Management Console and create cloud resources. AWS Free Tier provides limited free usage of selected services, subject to eligibility rules, service limits, and time periods.

Steps:

1. Visit AWS Free Tier website and click Create a Free Account.
2. Enter email address, account name, and verify email.
3. Create a strong password and provide contact information.
4. Complete the payment using UPI or debit/Credit card and complete phone verification.
5. Select the Basic Support plan and sign in to the AWS Management Console to explore free-tier services and provision resources.

Output:
